

A MESSAGE FROM YOUR HOSTS

Welcome to Whispering Trees on the Lake.

We're excited to share this special place with you. When we took ownership, we saw a home with the kind of setting that encourages people to pause and enjoy one another—and we wanted the inside to feel just as welcoming as the view outside. We've put care into the remodeling, upgrades, furnishings, and design so the house feels comfortable, considered, and ready for you to settle in.

Brad enjoys tinkering with old cars and trucks, Allison loves to cook up Southern specialties and home decorate. Together, they love to travel, hang out with friends and family and wrangle their cat, Lola. Most Football Saturdays in the fall, you'll find them gathered on a field or around a TV cheering on their favorite teams. Hotty Toddy!

For us, hospitality is about more than a place to sleep. It's the feeling of arriving somewhere you can exhale: coffee on the porch, a meal shared without rushing, a little time on the water, and conversations around a camp fires that last longer than planned. We hope you'll find room here for the things that matter most to you, whether that means adventure, connection, or simply a little quiet.

Whispering Trees is intended to be a peaceful place to gather with family and friends. We ask that guests treat the home and its natural surroundings with the same care they would their own, and respect the quiet atmosphere that makes the cove so special.

If you need something during your stay, please reach out using the contact information provided with your reservation. We'll do our best to help make your visit comfortable. We love it here. We know you will too.

Thank you for choosing Whispering Trees on the Lake.

Come sit a spell.

Brad & Allison
